Soft skills	*Problem-solving, Critical-thinking, Teamwork*	

PROJECTS

o ***Web-Based Tour & Travel Agency Website***
   Designed a static website to assist travelers, using HTML, CSS, and JavaScript. Integrated a database using phpMyAdmin to collect user data.
o ***Amazon Clone (E-Commerce Website)***
   Built an Amazon-like e-commerce platform with React.js using functional components and hooks. Implemented product listing, dynamic rendering with React Router, and an interactive cart system.
o ***Weather App Website***
   Developed a weather information website using HTML, CSS, and JavaScript. Displays real-time weather updates like temperature, humidity, and wind speed based on the user's location.

INTERNSHIP

Full-Stack Developer Intern — Amarya Business Consultancy   ***February 2024 – May 2024***

- o *Worked on front-end development using React.js.*
- o *Built responsive user interfaces, optimized components for better performance, and integrated APIs for dynamic web applications.*
